What is Forty Days of Hope?

Forty Days of Hope is an opportunity for your group to help reach the children of Camden before it's too late. Beginning on March 22 and ending on May 8th, we need you to raise much needed funds to help us restore hope in the lives of the children with after-school literacy programs, weekend rallies and one-on-one love and care.

Help Us Restore Hope

The city of Camden is filled with children facing tremendous challenges. In the last five years, Camden has had the dubious distinction of being named the "poorest and most violent city in America." The children deserve better. Our mission at Kids Alley is to embrace and empower as many of these at-risk children before they become victim to drugs or a stray bullet from the crossfire of gang violence. Imagine if we can help make the neighborhood safer and restore their hope of a normal life. Imagine if we could change the city into one where people care about each other, a place of peace and a city of hope restored.
